For You

Status Quo

Now I see the light that's shining from your eyes Even brighter than before Telling me something now that I believe is true 'cos I found the truth with you

I will take you with me everywhere I go Flying higher than before With a feeling that is meant for you and me Every day a little more

If we see a way together as we go We will never be alone Oh no, no, no, no, no, no-oh-oh Oh-oh-oh-oh, oh-oh-oh-oh

If I think of all the things that I have seen And I look at you and me When I think of all the things that I could do I could do them all with you I would do them all with you I will do them all for you
