

I Can Hear the Grass Grow

Status Quo

See the people all in line, what's making them look at me?
I can't imagine that their minds are thinking the same like me
I can hear the grass grow, I can hear the grass grow
I see rainbows in the evening

My head's attracted to a magnetic wave of sound
With a stream of coloured circles making their way around
I can hear the grass grow, I can hear the grass grow
I see rainbows in the evening

Can't seem to puzzle out the signs
My senses form a micro-line
So get a hold of yourself, now baby
You see I need you to help, now baby
Get a hold of yourself, now baby

Put your head down to the ground and listen to your mind
If you can't spell what you find I'll know that you're not my kind
I can hear the grass grow, I can hear the grass grow
I see rainbows in the evening

Can't seem to puzzle out the signs
My senses form a micro-line
So get a hold of yourself, now baby
You see I need you to help, now baby
Get a hold of yourself, now baby

See the people all in line, what's making them look at me?
I can't imagine that their minds are thinking the same like me
I can hear the grass grow, I can hear the grass grow
I see rainbows in the evening

I can hear the grass grow, I can hear the grass grow
I see rainbows in the evening
I can hear the grass grow, I can hear the grass grow
I see rainbows in the evening
