

## Too Far Gone

Status Quo

You've been looking like a low down liquor drinking money grabber

I don't wanna see you looking this way  
It's a crime the way you're carrying on  
You'll keep it up till you're too far gone

Yeh yeh, yeh yeh

You took off with a no-good double dealing money maker  
It's too bad your head was up in the clouds  
It's a shame you didn't get what you want  
Don't wait forever, it's too far gone

You said goodbye, you'd never listen  
You couldn't be wrong  
And now it's over it's not so easy  
To say it's all gone

If you wanna play a bad game, you've got to be a good player  
It don't matter if you win or you lose  
No one cares if you're right or wrong  
You only win when you're too far gone

You're running wild living out your fantasy life  
And ev'rybody knows the game by the look in your eyes

If you wanna play a bad game, you've got to be a good player  
It don't matter if you win or you lose  
No one cares if you're right or wrong  
You only win when you're too far gone

You're running wild living out your fantasy life  
And ev'rybody knows the game by the look in your eyes

Too far gone, too far gone  
Too far gone, too far gone
