Status Quo

Ride with me honey on the velvet train  
Ride with me honey on the velvet train  
Ride with me honey on the velvet train  
Ride with me honey on the velvet train

I got me a ticket  
Packed my case  
Put my best suit on  
And i washed my face  
Short on spending money  
But the champagne's complimentary  
Now look this ticket's for 2 is there a chance that you would

Ride with me honey on the velvet train  
Ride with me honey on the velvet train  
Ride with me honey on the velvet train  
Ride with me honey on the velvet train

We be leaving when you're ready  
If you just say yes  
Rolling down the line  
Destination happiness

Tell me this and tell me no more  
Are you riding with me I got to know for sure  
We can rock and roll and save our souls  
So before we get too old

Ride with me honey on the velvet train  
Ride with me honey on the velvet train  
Ride with me honey on the velvet train
