## Who Am I

**Status Quo** 

Am I to you a lover or a brother? Am I the one you can rely upon? Am I the one you can take home to your mother And am I the one who is singing you this song? Who am I? Who am I? Who am I to you?

Am I the one who lies here in your bed? Am I the one you made to dry out? And am I the one who yesterday said Am I the one you'd be better off without? Who am I? Who am I? Who am I to you?

Am I the chain that keeps you from falling? Am I the thoughts going round in your head? Am I the night-time? Am I the morning? Am I a fool that you wish for dead?

Yes I am your lover and your brother I am the one who lies here in your bed I am the one who never did you wrong I am the fool that you wish were dead Who am I? Who am I? Who am I to you?
