

Whirlwind

Steadman

I could never be your kind
I could never change your mind
I could never be your kind
Change your mind
Speak out my whirlwind
Reach out my whirlwind
Freak out my whirlwind
I hope you lash out

I could never be your kind
I could never change your mind
I will travel far and wide
Never hide
Wish I didn't live among you
I've been forced to
I have never found another
No one to talk to
How could I have stayed this long
I been taught to be numb
And now I want to
Speak out my whirlwind
Reach out my whirlwind
Freak out my whirlwind
I hope you lash out
I hope you lash out

do do do do do bit

Speak out my whirlwind
Reach out my whirlwind
Freak out my whirlwind
