

Stargazing

Steak Number Eight

I'm marching into a dream
A stargaze of what it should be
But you are my only shutdown
To bridge our gap

It's like a stare
Cause you are miles away (5x)

You need to bridge our gap
To get us back
I'm stargazing you
I know we're close
But a million miles away
It's hard to say

I'm marching into a dream
A stargaze of what it should be
But you are my only shutdown
To bridge our gap

I've got the way (4x)
