

I still remember  
When I was younger  
Life was so simply then  
Wohoo

I spend my nights with  
Both eyes wide open  
So how to disappear

I can't let you go  
It's the middle of the night and my heart in overload

Cause I still can't let you go  
But I know when my heart you already know

Now I feel empty  
Like somethings missing  
How I wish you were here

I can't let you go  
It's the middle of the night and my heart in overload

Cause I still can't let you go  
But I know when my heart that you already know  
Already Know  
Already Know
