

Fire Fire

Steam Powered Giraffe

Hope I can make it
Stop it and break it
The doors are all locked down
I'm flying on my feet
gotta reach that corridor

Sirens are blaring
Screams from the starin'
as they watch him cry

He's holding on as he's ripped from the room
engulfed in flames, but they'll be out soon

Oh it's such a shame, of all the things to go wrong while out i
n space

(Chorus)

Fire, fire burns much brighter when oxygen is the supplier
Fire, fire is killing his desire to not be cold as he expires

Oh, burning in space
Oh, burning in space

I wake from a cold sweat
how could I forget
I've seen this all before

The red lights are spinning now
'round and 'round as I hit the ground

Warnings of pure dread
heard on the overhead
in a monotonic tone

There are men and women trapped in that room
flames scorching them, but they'll be out soon

Oh it's such a shame, of all the things to go wrong while out i
n space

(Chorus)

Fire, fire burns much brighter when oxygen is the supplier
and fire, fire has killed their desire to not be cold as they e
xpire (3x)

Fire, fire (fire)
