

The Red Queen

Steam Powered Giraffe

NO MORE QUEEN

NO MORE QUEEN

No more rules, no more fools
Everybody scream
NO MORE QUEEN

Well Piper's got a shot, so ready or not
We will play the game
But you will fear our names

Down with the queen

The Bloody Red Queen

Down with you Royalists and all of your machines.
Well you can lock us up

Or scatter us like dust
But you can't stop the echos
Of our cry

NO MORE QUEEN

NO MORE QUEEN

No more rules (No more rules)

No more fools (No more fools)
Everybody scream (Everybody scream)
NO MORE QUEEN (NO MORE QUEEN)

Well Piper's got a shot, so ready or not
We will play your game
But you will fear our names

Down with the queen

The Bloody Red Queen (that's right)

Down with you Royalists and all of your machines.
Well you can lock us up

Or scatter us like dust
But you can't stop the echos
Of our cries
