

Whale Song

Steam Powered Giraffe

Wha-ale song
This ones for you
Wha-ale song

Thank you! I love you too

I sing you my song

As you float along
You'll stay in my heart

Though we all may part

I wish you all well

Wherever life takes you whales
I hope you eat lots of squid
And make lots of whale kids

You made me smile
Just for a while

I wish my friends could see
All your majesty
But they're all in bed

Being lazy heads.

So you're a pod I hear
And you're so lovely dears

Thank you for flying by
I'll keep you in my mind's eye

Wha-ale Song
This ones for you
