

It's Christmas Time

Steel Magnolia

Let's be like kids on Christmas morning
First one awake hoping snow is falling
I waited all year to be feeling like this
Ah oh ah ah oh oh
Deck the halls with sparkles and glitter
We'll chase away the greyest winter
So let's get up and out, everybody shout
Ah oh ah oh oh oh

Everybody everybody, what you waitin' for
It's in the air, it's everywhere you couldn't ask for more
So hang your mistletoe and play out in the snow
Oh let's go
'Cause it's Christmas time

Let's paint the town with
Green and red
You heard me right that's what I said
I've waited all year and now it's here
Ah oh ah ah oh oh
The lights in New York City couldn't even
Compare to how the world's lit up this season
So let's get up and out, nobody's missing out
Ah oh ah oh oh oh

Everybody everybody, what you waitin' for
It's in the air, it's everywhere you couldn't ask for more
So hang your mistletoe and play out in the snow
Oh let's go
'Cause it's Christmas time

I wanna get up at five
Wanna feel like I'm six
Start a party at seven
Keep it goin', keep it goin'
Way past eleven
Wish it was Christmas time
All the time
Everybody everybody, what you waiting for
It's in the air, it's everywhere you couldn't ask for more

Everybody everybody, what you waitin' for
It's in the air, it's everywhere you couldn't ask for more
So hang your mistletoe and play out in the snow
Oh let's go
'Cause it's Christmas time

It's Christmas time
