

# Blessed Is The Man

Steel Pulse

Blessed Is The Man That Walketh Not  
In The Council Of The Ungodly

His mercy endureth forever  
To turn my back on JAH  
I will never never  
By great wisdom he raised up the land  
Above the waters  
Yes, a him alone  
Do the greatest wonder

Blessed is the man that trod  
In the ways of God  
Never turn by back on  
Never turn by back on JAH

Some a boast in chariots  
Some a boast in bigger shots  
JAH RASTAFARI he forget me not...no  
Some a boast in idols  
Cast in silver and gold  
I boast in the Lord  
The servant of the poor Now

Blessed is the man that trod  
In the ways of God  
Never turn by back on  
Never turn by back on JAH

Spirit, Spirit

Oh, we who hunger and thirst after righteousness

By great wisdom  
He raised up the land above the waters  
The sunlight to rule us by day  
Yeh, eh  
And he gave man dominion  
To rule every wonderful creature  
The moon and stars  
To guide us by night

Blessed is the man that trod  
In the ways of God  
Never turn by back on  
Never turn by back on JAH

Spirit, Spirit, can you feel his spirit

His mercy endureth forever and ever  
The first and the last  
Alpha omega  
Shall always be my friend  
From the beginning to the end...woo  
H.I.M. a humble lion  
He shall trample the dragon

Blessed is the man that trod  
In the ways of God  
Never turn by back on  
Never turn by back on JAH

Who hunger and thirst after righteousness  
I blessed in his heart for his humbleness  
Woo na na woo nana woo na na woo
