

Tightrope

Steel Pulse

Deliver me oh my father

From the downpressers

Set me free

Dem a trying to keep I down

But I will always prosper

Dem a trying to keep I down

But I will always ... WO

R:

Got me walking on a tightrope

Can't afford to buck my toe

And as long as Babylon is my foe

I will have hope in my soul

A poor man's life don't cut no ice

With so many mouths to feed

And if my word ain't good enough

just take a look and see

R:

Got me walking on a tightrope

Can't afford to buck my toe

And as long as Babylon is my foe

I will have hope in my soul

Like a drowning man who clutches a straw

Might think he's got no chance

The will of JAH can pull him through

he's a helping hand, you got that

R:

Got me walking on a tightrope

Can't afford to buck my toe

And as long as Babylon is my foe

I will have hope in my soul
From the valley of dry bones I have risen
and I've got to make a change
hang my head in the clouds with conviction
Ain't no stopping now
Deliver me oh my father

CHORUS

Got me walking on a tightrope
Can't afford to buck my toe
And as long as Babylon is my foe
I will have hope in my soul
Just can't keep me down
Just can't keep me down
Just can't keep me down
Really just can't keep me

R:

Got me walking on a tightrope
Never never say die
Reach the mountain high!
