

# Criminals and Kings

Stellar Kart

We are who we are  
Falling and shooting stars  
We pray to god above  
And pray on the ones we love  
Held to a higher call  
We are the rise and fall

R: We are the criminals  
We are the criminals and kings  
Guilty and innocent  
Been found but still we're wandering  
We are the criminals  
We are the criminals and kings

This light can shine so bright  
Then fade into the night  
So close to heaven's throne  
Nailed to the streets below  
I can't escape the safe  
Time is not mine to waste  
Held to a higher call  
I am the rise and fall

R:

Brought bsck from the deep  
You are my only freedom  
From the bottom of my lungs  
Until forever ends  
I swear I'll never cave in  
This is who I am

R:
