

One More Day

stellar*

Some say they wouldn't be dead for quids
I agree but I'm dead on my feet instead
All day, every day for how long?
Sometimes the system gets it wrong
When the signs are coaxing
When you're sure of nothing

One more day and I'll be home
One more day it won't be long
Til I'm back in the place where I belong
You know what I mean
One more night I'll be with you
Just one night to get me through
I can't wait to be alone again with you
You know what I mean

Some say they could never be lucky twice
I don't know but the once could be just as nice
One day or any day from now on
Sometimes the signs can let you down
When you're sure of nothing
Still you're better to be one of something
