

Keep Away Girls

Stephanie Mills

Mmm'mmm?

Keep away girls
This one's all mine
Keep away girls
This one's all mine

I understand when you look at my man
It's a physical, mmm, attraction, yeah'ooh'ooh?
Friendship ceases, desire increases
And you want him back, oh, so bad
Oh'I don't think you could fit
In my shoes
If we're gonna be friends, don't you know
Here, here's the best rule

Keep away girls
This one's all mine
You better, better keep away girls
This one's all mine

Ooh'don't get me wrong, I'm not calling no names
But I recognize a woman's game, yeah'ooh'ooh?
We try to better clever, witty and wise
Ain't no tellin? what we'll do or try

Oh'so don't knock on my door
Thinkin? I'm not at home, yeah
Don't think I'd be dumb enough
To leave this man alone, oh, no

Keep away girls
This one's all mine
You better, better keep away girls
This one's all mine

Oh'I know there are things we have in common
I've been dyin? to be friends with someone
We can dish the dirt, shop Bloomindales
And hang around to catch the sales

Have tea, the social life is fine in me
We'll be friends forever, girl scouts too
But hands off my guy, don't be fool enough to try
I'm warnin? you, I'm warnin? you, you, you

Keep away girls
This one's all mine
Ooh'you better, better keep away girls
This one's all mine (Leave him alone, leave him alone)

Keep away girls
This one's all mine (Don't come around my door)
Keep away girls (Keep away)
This one's all mine (I ain't tellin? you no more)

Keep away girls (Keep away)

This one's (Keep away) all mine (This one is all mine)
Keep away girls (Ooh, ooh)
This one's (Ooh, ooh) all mine (Keep away)

Keep away girls (This one)
This one's all mine (I'm tellin' you now, I'm tellin' you now)
Keep away girls (Keep away)
This one's all mine (This one is all mine)

Keep away girls
This one's all mine (Leave him alone, leave him alone)
Keep away girls
This one's all mine (Oh, leave him alone)

Keep away girls (Leave him alone)
This one's (Ooh?) all mine (Ah, 'cause he's all mine)
Keep away girls (Ooh?)
This one's all mine (Hee'hee'hee'hee'hee?)

Keep away girls (Ooh?)
This one's (This one) all mine (This one is all mine)
Keep away girls (Ooh, ooh)
This one's (This one) all mine (This one, baby, this one is all mine)
