

# Try My Love

Stephanie Mills

From the first day I saw you  
Chills went down my spine  
I knew you were the one for me  
Try my best to make you mine  
Our love is different  
Note to understand  
It's not if you win or lose  
But how you play the game

Try my love  
Come and get it  
Take my love  
Don't let go  
Try my love  
You won't regret it  
Take my love  
And don't let go

I thought about it  
Time and time and time again  
I'll give my love forever  
Loving you until the end  
People say I'm foolish  
To come to you this way  
But tell me what's your answer  
Will you go or will you stay? C'mon

Try my love  
Come and get it  
Take my love  
Don't let go  
Try my love  
You knew you won't regret it  
Take my love  
And don't let go

Yeah  
Try my love

Many have loved and lost  
Others haven't loved at all  
If you give love a try  
Together we can have it all  
Our love is different  
Note to understand  
It's not if you win or lose  
But how you play the game

Try my love  
Come and get it  
Take my love  
No, no, don't let go  
Try my love  
You won't regret it  
Take my love  
And don't let go, oh

Try my love  
Try my love  
Try my love  
(Won't you try) Try my love, yeah  
Try my love  
Try my love
