

Rock Little Reindeer

Stephen Bishop

Hey there, Rudolph, pick up your feet
We're flying to the rhythm of the Jingle Bell beat
You better rock, rock, rock, little reindeer, rock
[?] to good girls and boys
And old Kris Kringle's got a sleigh full of toys
Gotta rock, rock, rock, little reindeer, rock

He loves to fly up in the air
Just look straight up and he'll be there
And all he needs is a rocking beat
That's when he's fast on his feet

Rock, rock, rock, little reindeer, rock

You know he loves to fly up in the air
Just look straight up and he'll be there
And all he needs is a rocking beat
That's when he's fast on his feet

Hey there, Rudolph, it's all over town
You hear every house just rockin' around
I said, rock, rock, rock, little reindeer, rock
Rock, little reindeer, rock
Oh, rock, rock, rock, little reindeer, rock
Rock, little reindeer, rock
I said, rock, rock, rock, little reindeer, rock
Rock, little reindeer
