

Cold Feet

Stephen Speaks

Better get movin'
Before she gets away
Chances are groovin'
Chances never stay

Once in a lifetime
That could be today
Give it a shot now
For your mother's sake

'Cause your love is walking, your love is walking away
(Better go get her now, get her now)
Your cold feet, your cold feet, they ask you to stay
(Better go get her now)
Your love is walking away
Love is walking away

Don't you wanna see her?
The dawn of everyday
She ain't gonna wait now
And you know the words to say

'Cause your love is walking, your love is walking away
(Better go get her now, get her now)
Your cold feet, your cold feet they ask you to stay
(Better go get her now, get her now)
Your love is walking away

Oh, oh
You're 'bout to go get her now
Oh, oh
You're 'bout to go get her now
Oh, oh
You better go get her now
Oh, oh

Your love is walking, your love is walking away
And your cold feet, your cold feet they ask you to stay

'Cause your love is walking, your love is walking away
(Better go get her now, get her now)
'Cause your cold feet, your cold feet they ask you to stay
(Better go get her now, get her now)

You better get movin'
Before she gets away
Once in a lifetime
That could be today
