

## Judy

Stephen Stills

Judy, lady of the lamp, are you home alone?  
Can I walk along beside you, keep you company?  
Have you need of me?

Judy, let me tell you of my life  
I am all alone  
I'll do anything to please you, will you let me try?

Running around in circles like a bird in flight  
Just above my head you're hung like you want to alight  
But can't decide where  
Have you ever been there?

Judy, when you're floatin' far away babe, where do you go?  
Won't you please come back and tell me 'cause I'd like to know  
It would help me know you  
Just a little bit better
