

## Shuffle Just as Bad

Stephen Stills

Pretty woman you lovely such and such  
Think about the last time  
You had a gentle touch  
Did you feel it  
Ain't it just too much

See somebody pretty  
Look you in the eye  
That's the one that touches you  
Do you need a place to hide  
And I'm just as bad as anything  
You ever thought about anyone

And I know our time's goin' to come  
Just as sure as the risin' of the sun  
And I know she loves me so

See somebody pretty  
Look you in the eye  
That's the one that touches you  
Do you need a place to hide
