

## Song Of Love

Stephen Stills

And it's all in the way you wonder  
If you think you're learnin' how  
Pick up your feet you don't have to pick up a gun  
You can prod the sacred cow

You know the song of love  
It's empty now  
As it always seems  
To have been  
You can go on home

Used to be down to tear gas and clubs  
What do you think about grenades  
(You know like a frag)  
Nonsense is as  
Nonsense does  
The judge's eagle promenades

You know the song of love  
It's empty now  
As it always seems  
To have been  
You can go on home

The good book tells us  
"Thou shalt not kill"  
What is the meaning of this phrase  
Is it sometimes right and sometimes wrong  
Depends if you're foolish or brave

You know the song of love  
It's empty now  
As it always seems  
To have been  
You can go on home
