

# Train of Thought

Steppenwolf

Well, you're talkin' in your sleep  
And the name that you whisper isn't mine  
And I finally face the fact  
That you're cheatin' on me one more time

And my anger starts to rumble  
And my steam starts to rise  
And the wheels keep turnin' faster  
As I think of all your lies

Oh, my train of thought's  
Runnin' right on time  
But it's off the track  
And I'm losin' my mind

For the way you treat me's  
Gonna drive me insane  
Honey, say you'll never leave me  
For God's sake, stop the train

Oh, the camel's back is broken  
By the one extra straw added on  
And a man can't see reason  
When his last ray of sunshine is gone

There's a finger on the trigger  
And that locomotive sound  
And I think how much I love you  
And I turn the gun around

Oh, my train of thought's  
Runnin' right on time  
But it's off the track  
And I'm losin' my mind

And you hold me the last time  
As I try to explain  
Honey, don't feel bad about me  
I just have to stop the train

And my anger starts to rumble  
And my steam starts to rise  
And the wheels keep turnin' faster  
As I think of all your lies

Oh, my train of thought's  
Runnin' right on time  
But it's off the track  
And I'm losin' my mind

For the way you treat me's  
Gonna drive me insane  
Honey, say you'll never leave me  
And stop this train

'Cause this train of thought's  
Runnin' right on time

But it's off the track  
And I'm losin' my mind

And you hold me the last time  
As I try to explain  
Honey, don't feel bad about me  
I just have to stop the train

Oh, my train of thought's  
Runnin' right on time  
But it's off the track  
And I'm losin' my mind

For the way you treat me's  
Gonna drive me insane  
Honey, say you'll never leave me  
And stop this train
