

Father's Eyes

Steps

I could paint a picture of my heart
Hanging on a wall and watch the colours fade away
Tell the world that we have been a lie all this time we've spent
I could tell myself that I have done all that I could do
If that would take the pain away
Tell the world we lost it, baby, I, I'm not done here yet

I know that people think our love is like a fantasy
I know that no one seems to understand what I see but I
I see with my father's eyes, I see with my father's eyes

You were like a fire and I've tried
Risking all I am to let you go and kill the flames
Oh, a heart can burn so many times, I am proof of that
Oh, and I could paint a picture of your heart
Hanging on a wall and I would never walk away
I would stand there asking myself why I'm not broken yet

I know that people think our love is like a fantasy
I know that no one seems to understand what I see when I
I see with my father's eyes, I see with my father's eyes
I know that everybody says you've not been good to me
They just don't realise I'm nothing if I set you free
I, I see with my father's eyes, I see with my father's eyes

Oh, I got my humanity, and I know why
Lost in my sanity 'cause I think that I could learn to fly
I see it in my father's eyes
Oh, I got my humanity and I know why
Lost in my sanity 'cause I think that I could learn to fly
I see it in my father's eyes

I know that people think our love is like a fantasy
I know that no one seems to understand what I see when I
I see with my father's eyes, I see with my father's eyes
I know that everybody says you've not been good to me
They just don't realise I'm nothing if I set you free
I, I see with my father's eyes, I see with my father's eyes

Oh, I got my humanity, and I know why
Lost in my sanity 'cause I (I see with my father's eyes
I see with my father's eyes)
