

I Know Love

Sterling Simms

The tears are multiply
Sun, sun my brain frieze
My reality it's your favorite lie
I should now at first time, you gave some
I was taking my heart at six for the holding
He's gonna put them back on that
He never .. let you alone but my mamma raise me better then tha
t
Fuck it
And now I can't believe you are what you say you are
Cause I know love when I'll see that motherfucker baby
Now I'm drinking Jin but I will drive my car
Cause I know what love when I see that bitch
She's gonna by, I got to keep me smile just to hide my cry
Sometimes I will call you a bitch, I know this is disrespectabl
e and all that shit
But you got to understand what you do to my heart
The first one I open and you braking apart
But I was at the finish line even at start
Yeah you was in a dirty line but have me in pack
When I was trying to go somewhere with you, but we end up right
back
And I want it to be some thing to you but know I'm back in my b
ack
Baby, baby I wanna leave cause I can't stay right here, baby wo
uld you tell me?
Ooh, so tell me what it is, tell what it is
I just can't believe you are what you say you are
Cause I know love when I'll see that motherfucker baby
Now I'm drinking Jin but I will drive my car
Cause I know what love when I see that bitch
You say I can't hold like a .. stomb
Like I'm Skitty Jay, loving hip-hop
We got love here, sometimes we flip-flap
Moving to the skits and let me do this out
As I make mine, you thinking in this bling time what you heard
do thegreat
The bitches in your head when I am in your bed
Now I'm moving on, where I do belong
And I found a new,
Damn Cupid ..., guess I no love when I see that bitch
But now I can't believe you are what you say you are
Cause I know love when I'll see that motherfucker baby
Now I'm drinking Jin but I will drive my car
Cause I know what love when I see that bitch
I know, I know, I know, I know, I know, I know, I know, I know,
damn
'aint no sunshine when the pussy's gone

And you can't go you got you ..up
My nigga flip up, it's time to roll up
Cause I'm just out here crazy missing her love
