

# My Apologies

Sterling Simms

Oh oh oh oh

Listen

You don't even call anymore

It's so different from the way that it was before

Everyday I hear your pretty voice

I have no choice but to be all alone without you (ooh ooh)

There's so many mistakes we make in love (love love)

But I'm thinking this is something we can solve (we can solve)

I'll take all the blame for breaking your heart

But you can't let it tear us apart

Because she didn't mean anything to me (no)

She wasn't the one I see in my dreams (dreams)

You know that it's true

If you believe, please accept my apologies

I didn't mean to hurt you girl

I didn't see myself settling down

But I knew from the first time you came around

From the moment I looked into your eyes

I never wanted to see you cry over me

But I knew if we got serious in love (love, love)

We would never ever wanna break it up (never wanna break it up)

I wasn't begging for you until this day

Would you believe me when I say (that she)

She didn't mean anything to me (oh no)

She wasn't the one I see in my dreams (dreams)

You know that it's true

If you believe, please accept my apologies

I'm sorry baby (baby)

She didn't mean anything to me

She wasn't the one I see in my dreams (oh)

You know that it's true

If you believe, please accept my apologies

Baby hmmm yeah (oh oh oh)

Please accept my apologies

(I'm sorry baby)
