

Daylight

Steve Aoki

It's been so long since I have thrown all night
I feel so good until daylight finds us

Let's be honest
Now and again
Till daylight finds us

Let's be young
Now and again
Till daylight finds us

And we'll be young
Until the daylight break

And we'll be young
Until the day takes away

Let's take this time
Don't you let no one take us away

And tonight
We'll be young till the day awakes

Don't let daylight find us
Don't let daylight find us
Don't let daylight find us
Don't let daylight find us
Oh
Don't let daylight find us
Oh
Don't let daylight find us

Let's be young
Until the daylight break

Let's be young
Until the nighttime turns gray

Let's take this time
Don't you let no one take us away

And tonight
We'll be young till the day awakes

Don't let daylight find us
Don't let daylight find us
Don't let daylight find us
Don't let daylight find us
Oh
Don't let daylight find us
Oh
Don't let daylight find us
So don't let daylight find us
Don't let daylight find us
Don't let daylight find us
Don't let daylight find us
Oh
