

Doin' It Right

Steve Azar

When I was sixteen I knew everything
Opportunity grew on trees
I taste 'em, waste 'em
And do it all again

Ten feet tall, invincible, I fell short on principle
A rebellion, a hellion
Yeah, that was me back then

Burned by my mistakes
A phoenix I rose from the flames, now I'm

Doin' it right, I saw the light
Sun came up in, The middle of the night
Been doing' it wrong for so long
I sure oughta know what it finally feels like to be
Doin' it right, doin' it, doin' it
Doin' it right

When this fool came tumblin' down
One hundred and eighty degree turn around
Revelation, salvation
Made me what I am

Every day I fight the war
And each day I'm winnin' more, yeah, 'cause I'm

Doin' it right, I saw the light
Sun came up in, The middle of the night
Been doing' it wrong for so long
I sure oughta know what it finally feels like to be
Doin' it right, doin' it, doin' it
Doin' it right

Every now and then I'm tempted
I don't jump the fences, no, I keep

Doin' it right, I saw the light
Sun came up in, The middle of the night
Been doing' it wrong for so long
I sure oughta know what it finally feels like to be
Doin' it right, doin' it, doin' it
Doin' it right

Sun came up in, The middle of the night
Been doing' it wrong for so long
I sure oughta know what it finally feels like
I sure oughta know what it finally feels like
I sure oughta know what it finally feels like to be
Doin' it right, doin' it, doin' it
Doin' it right
