

# The Show

Steve Hackett

Yes, I'm such a simple man  
Just book me on the flight  
Every day's another place  
Playing into the night

And you can't unwind  
You're wrecked before the show  
Everything's fine when you feel that  
'Johnny go go go' - go go

Will you play tonight for me?  
Promise I'll do my best  
Yes, rock music should be free  
Money's worth less and less

And the walls should be cracked  
Four red faces make a noise  
All dressed in black  
I can't tell if they are girls or boys, or boys

Will you play tonight for me?  
Promise I'll do my best  
Yes, rock music should be free  
Money's worth less and less

And the walls should be cracked  
Four red faces make a noise  
All dressed in black  
I can't tell if they are girls or boys, or boys, or boys
