

A Christmas to Remember

Steve Holy

Hello, my friends, glad to see you all again
Christmas comes sooner each year
I'm the first to admit, sometimes I forget
How lucky we are to be here

Let's make this a Christmas to remember
Gather round the tree, share a memory or two
And join your host and toast our time together
Watch the fire glow, reminisce the whole night through

Here's to your familiar faces, ones I hold so dear
And here's to all the empty places, set for those we wish were
here
And no one knows where we'll be next December
So let's make this a Christmas to remember

I'm the first to admit, sometimes I forget
How lucky we are to be here
No one knows where we'll be next December
So let's make this a Christmas to remember
