

# Close Together

Steve Miller Band

We gotta stay close together  
We gotta stay close together  
If we don't want somebody  
To get ahead of us

You know that this old world  
Is full of toil and sin  
One little person just can't win  
Take it to [?] going side by side  
To try to keep each other  
From being taken for a ride

We gotta stay close together  
We gotta stay close together  
If we don't want somebody  
To get ahead of us

You know that this old world  
Is full of toil and sin  
One little person just can't win  
Take it to [?] going side by side  
To try to keep each other  
From being taken for a ride

We gotta stay close together  
We gotta stay close together  
If we don't want somebody  
To get ahead of us

We gotta stay close together  
We gotta stay close together  
We gotta stay close together  
We gotta stay close together  
If we don't want somebody  
To get ahead of us
