Maybe she's just another sweet thing  
Just a lookin' to go for a ride  
Lookin' to see what it's all about  
Before she can be satisfied

Or maybe she's cool and still goin' to school  
And out lookin' for a man  
To write a book or make her cook  
Or hold her dishpan hands

She could a duchess or even a dame  
Or a lady from over the hill  
Yes, come on honey what's the name of your thrill  
We'll try to shake it  
Come on baby, let's find that old hill  
We're bound to make it  
Mood's high and I'm dry  
Come on

Queen of Spades that ain't been played  
So she knows she's well endowed  
witch with a nervous twitch  
And the nature of a clown  
certified  
Answer to a sailor's dream  
to make things what they seem

Oh you dreamer, sweet redeemer  
Take me for what you will  
Yeah, come on honey what's the name of your thrill  
We're gonna shake it  
Come on baby, let's find that hill  
We're bound to make it  
Mood's high and I'm dry  
Come on, come on
