## You're So Fine

## **Steve Miller Band**

Saw a girl walkin' down the street Upsettin' everybody she meet Well, she walks up to the corner She stops, everybody they want her

She's fine
Yes, yes, yes, she's fine
She's a fine, pretty thing
I wanna love her all the time

Well, I said tell me baby
Honey, where you goin'
She said darlin'
Well, I wouldn't be knowin'
She had on a long evening frock
She stopped in the street and did the rock

She's fine Yeah, she's fine She's a fine, pretty thing I wanna love that woman all the time

Well, I said tell me baby
What you thinkin' of
She said there isn't anything greater than love
She looked at me
And she gave me a smile
Shook her head and winked her eye

But she's fine Yes, yes, she's fine She's a fine, pretty thing I need to love that woman all the time
