

Lay your pretty head down on my shoulder  
You don't have to worry anymore  
This old world is cold and getting colder  
But I know how to lock and bolt the door

I'm strong enough to hold you through the winter  
Mean enough to stare your demons down  
Hard times put the shine into the diamond  
But I won't let that keep us in the ground

'Cause I'm a riser  
Imma get up off the ground don't run and hider  
When pushing comes to shove, hey, I'm a fighter  
When darkness hits the town, I'm a lighter  
A get out aliver, through the fire, survivor

If we ain't got the money, I can make it  
I ain't afraid of working to the bone  
If I don't know what I'm doing, I can fake it  
Ill pray till Jesus rolls away the stone

'Cause I'm a riser  
Imma get up off the ground don't run and hider  
When pushing comes to shove, hey, I'm a fighter  
When darkness hits the town, I'm a lighter  
A get out aliver, through the fire, survivor

I'm a tryer  
I'm a get down low so I can lift you higher  
An army couldn't keep down my desire  
Yeah, yeah

I'm a riser  
Imma get up off the ground don't run and hider  
When pushing comes to shove, hey, I'm a fighter  
When darkness hits the town, I'm a lighter  
A get out aliver, through the fire, survivor
