

A true country gent Chet was one of a kind  
He found a long time ago what we're all still trying to find  
He was the man a six string super star  
Everybody's mister guitar

You know the CGP Chet started that  
And we can see him plain as day in suspenders and his hat  
And we can hear his voice he was so much fun  
The day he made us one

Talking 'bout CGP

He had magic hands and a heart of gold  
He loved his pals all around kept him from getting old  
He knocked us out when he made a big fuss  
And bestowed on us
