

I Lost My Love Today

Stevie B

This morning I found
Some pictures of the two of us
Days we spent together
It's bringing me down
Cuz you're not here beside me
And tender love to guide

It's been so long
Since I held you close in my arms
I tried so hard to be strong
But without you
I just can't go on

I lost my love today from yesterday
I pray tomorrow she'll be coming back
How could she break my heart
After all I've done
Cuz I'm never gonna love again

Say what you will
Cuz I love her and I miss her
Ohh I need to kiss her

And I love her still
Don't now what to do about it
Don't want to live without it

Why did she go
And leave me here
To carry the load
I gave my all gave my soul
And I don't want to let her go

I lost my love today from yesterday
I pray tomorrow she'll be coming back
How could she break my heart
After all I've done
Cuz I'm never gonna love again

I lost my love today from yesterday
I pray tomorrow she'll be coming back

It's been so long
Since I held you close in my arms
I tried so hard to be strong
But it's so hard to carry on

I lost my love today from yesterday
I pray tomorrow she'll be coming back
How could she break my heart
After all I've done
Cuz I'm never gonna love again

I lost my love today from yesterday
I pray tomorrow she'll be coming back
