

# Back Into Love

Stevie Hoang

It seems like only yesterday  
When I first laid eyes on you  
You were walking past me with your friends  
And I had to make my move  
I couldn't let you get away  
Without your number and your name  
Didn't know that my life would ever be the same

From the moment we hooked up  
Nothing could come between us  
It was a Thursday night you told me girl  
That you fell in love  
And lookin' back to way back then  
I never thought that we would end  
Now you're telling me it's time that we let it go

If this love is a battle then I'll fight for you  
If it takes me forever then that's what I'll do  
I know we can make it, don't give up on us  
We can find a way, find a way, find a way back into love

Relationships you know, sometimes it's gonna hurt  
No one said it would be easy, girl  
We gotta make it work  
But through the tears and through the pain  
I know we'll make it through the rain  
'Cause I know that what we got's worth fighting for

Girl I'm wise enough to say  
I'm not the perfect man  
But I hope that you appreciate  
That I do the best I can  
To give you everything you need  
So baby put your trust in me  
Let me show you girl that this is where you should be

If this love is a battle then I'll fight for you  
If it takes me forever then that's what I'll do  
I know we can make it, don't give up on us  
We can find a way, find a way, find a way back into love

Girl I know I can make it better  
Just as long as we stay together  
Is love meant to last forever?  
So let's work it out

If this love is a battle then I'll fight for you  
If it takes me forever then that's what I'll do  
I know we can make it, don't give up on us  
We can find a way, find a way, find a way back into love

If this love is a battle then I'll fight for you  
If it takes me forever then that's what I'll do  
I know we can make it, don't give up on us  
We can find a way, find a way, find a way back into love
