

He's Nothing Like Me

Stevie Hoang

He's never gonna break your heart
No one's gonna love you better
He's never gonna let you down
We can never be together

He's never gonna make you cry
With him, it's gonna last forever
He's never gonna say goodbye
Baby, can't you see, he's nothing like me

Yeah, we been messing 'round for four weeks
Situation's getting too deep
Falling in love wasn't part of the plan
We gotta slow down 'cause you got a man

You said that he's never there for you (there for you)
He can't make you feel the way I do (way I do)
Here in my arms is where you wanna be (wanna be)
You wanna tell him about you and me

I'm not what you need
I think it's better that
You should stay with him
He's nothing like me

He's never gonna break your heart (oh)
No one's gonna love you better
He's never gonna let you down
We can never be together

He's never gonna make you cry
With him, it's gonna last forever
He's never gonna say goodbye
Baby, can't you see, he's nothing like me

Ey ey he's nothing like me
Ey ey he's nothing like me

I just can't give you what you need
There's so much you don't know about me
Baby, I'm not the man you think I am
I'll never be there for you like he can
I thought we both knew just what this was
We were never meant to fall in love
I apologize if I led you own
Girl, you got a good man waiting for you at home

I'm not what you need
I think it's better that
You should stay with him
He's nothing like me, yeah

He's never gonna break your heart (your heart)
No one's gonna love you better
He's never gonna let you down
We can never be together (together, yeah)

He's never gonna make you cry
With him, it's gonna last forever
He's never gonna say goodbye
Baby, can't you see, he's nothing like me

Ey ey he's nothing like me
Ey ey he's nothing like me
