

# One Chance

Stevie Hoang

I can tell by the way you speak, the way that you look at me  
I know that you've heard this line many times before  
With somebody as fine as you, them players be stalkin' you  
And you be fallin' for the wrong type

Shawty, I want you to understand  
Baby, I want you to be the man  
And I'll flip the script and do it my way  
I'm not lookin' for a hit and run  
Girl, you're dating with a gentleman  
I know I've got what it takes

All I need is one chance to show you that I'm different, girl  
Let me show you that I'm for real  
All I need is one chance to show you what you're missing, girl  
I can change the way that you feel  
One chance  
Baby, you won't regret it  
One chance  
Baby, you know I'm ready  
All I need is one chance  
I know that I can change your mind  
All I need is one chance

I've seen the way that you roll your eyes  
You think I'm that type of guy  
And you got me all figured out  
Girl, but you should know  
There's a whole lot inside of me  
So if there's a vacancy  
I know that I'm the only never to judge

Shawty, I want you to understand  
Baby, I want you to be the man  
And I'll flip the script and do it my way  
I'm not lookin' for a hit and run  
Girl, you're dating with a gentleman  
I know I've got what it takes

All I need is one chance to show you that I'm different, girl

Let me show you that I'm for real  
All I need is one chance to show you what you're missing, girl  
I can change the way that you feel  
One chance  
Baby, you won't regret it  
One chance  
Baby, you know I'm ready  
All I need is one chance  
I know that I can change your mind  
All I need is one chance

Just one opportunity to show you the best of me  
I know what you're thinkin', but I can prove you wrong  
I hear what you're tryin' to say  
But, girl, we ain't all the same  
Girl, if it's okay

I'd like to take my time to try and show you, baby  
There's a lot of good inside of me  
And you will see that all I need  
All I need is one chance

All I need is one chance to show you that I'm different, girl  
Let me show you that I'm for real  
All I need is one chance to show you what you're missing, girl  
I can change the way that you feel  
One chance  
Baby, you won't regret it  
One chance  
Baby, you know I'm ready  
All I need is one chance  
I know that I can change your mind  
All I need is one chance (one chance)

All I need is one chance (one chance)  
All I need is one chance (one chance)  
All I need is one chance (one chance)  
All I need is one chance (one chance)  
All I need is one chance (one chance)  
All I need is one chance (one chance) ..
