

One Christmas Wish

Stevie Hoang

Woah
Yeah

December's finally here
My favorite time of the year
I'm already counting the days

I just can't wait until when we get to be kids again
'Cause I know some things never change
Jas wakin' up at 5AM, to see if Santa came
So happy when she sees presents under the tree

Philip waking up late, so everybody's gotta wait
To open presents we've been planning all year
Playing video games 'till 6AM
Laughing so much 'till we can't stand
Wake up and we'll do it all again
It's the best time of the year

If I had one Christmas wish
I'd never want this day to change
To always feel this way
For another year like this
There's nothing that I wouldn't give
This is my one Christmas wish

One Christmas wish
One Christmas wish
This is my one Christmas wish
One Christmas wish
One Christmas wish
Oh

The only thing that I need

Won't be wrapped under the tree
All I want is moments like this
Laughter and joy everywhere
The times we've had through the years
Memories I'll never forget like

Joke presents of Baak fung, Gong doesn't like cartoons
Linda got Pandan cake and ruined Christmas Day
Zeddy came back to life, made everybody cry
When we fell asleep right by the fireside

Watchin' scary movies 'till 6AM
Eating so much 'till we can't stand
Wake up and we'll do it all again
It's the best time of the year

If I had one Christmas wish
I'd never want this day to change
To always feel this way
For another year like this
There's nothing that I wouldn't give
This is my one Christmas wish

One Christmas wish
One Christmas wish
Oh
This is my one Christmas wish
One Christmas wish
One Christmas wish
Oh

This is my one Christmas wish
Yeah yeah
