

# Can't Get Away With That

## Stiff Little Fingers

You had us almost believing we were good enough for no one, no  
how  
You had us take it or leave it, it's the best deal you're gonna  
get right now son  
a little dig here, a little word did you really think that you  
could control us?  
Maybe we didn't make it clear, you can have your opinions but y  
ou don't own us

If I ever see your face again it will be far too soon  
to say the things I want to say to you.

You took us for this you took us for that  
You took us for granted you can't get away with that

If there comes a time when you have to decide whether to trust  
in someone new  
they have to have faith, they have to be true, they have to bel  
ieve in what you do

If I ever see your face again it will be far too soon  
to say the things I want to say to you.

You took us for this, you took us for that  
You took us for granted, you can't get away with that

Maybe you're thinking i'm an angry man  
but you were building us up so we would knock each other down  
and you won't get away with it.....no way

If I ever see your face again it will be far too soon  
to say the things I want to say to you.

You took us for this, you took us for that  
You took us for granted, you can't get away with that  
I
