

## America

Stiltskin

You've got to run to me  
You've got to hide from me  
You've got to look to me  
You've got to close your ears

You've got to be like me  
You've got to change from me  
You've got to smile to me  
You've got to cry your tears

Rhyme America  
Rhyme America  
Rhyme America  
America is me (I'm in America)  
America is me (I'm in America)

You've got to see through me  
You've got to feel for me  
You've got to kill for me  
You've got to save my life

You've got to sell me  
You've got to buy from me  
You've got to watch with me  
You've got to hide your eyes

Rhyme America  
Rhyme America  
Rhyme America  
America is me (I'm in America)  
America is me (I'm in America)
