

Mama's Love

Stone Fury

She looks for the way
She's never sorry
If you ever fall down
Oh, she'll get you off the ground

You know, she knows, when love shows
Her touch, mama's love,
And that's enough

She's never felt like someone
Someone, someone you know
Remember when she loves you
She the one who tells you that's okay

You know, she knows, when love shows
Her touch, mama's love,
And that's enough
