

KnighT Of The Living Dead

Stone Gods

Never trust a woman,
they lie right to your face.
Never listen for a second,
it's all a disgrace.
Living for the minute,
only out for what she can get.
Give her just a minute.
Tell you what its like,
tell you everything about her.

Kiss this goodbye,
turn my day into night.
F**k you, you liar,
you're not taking my life.

I've been lied to,
I've been lied to.
Never trust a lover,
they drag you through a river of shit,
Dirty damn deceiver,
tell you what it's like,
I'll tell you everything I know.

Kiss this goodbye,
turn my day into night.
F**k you, you liar,
you're not taking my life.

Kiss this goodbye,
turn my day into night.
F**k you, you liar,
You're not taking my life.

On my own, on my own, on my own, yeahhh.
No regrets, no regrets, no regrets, nooo.
Cross the line, cross the line, cross the line, goodbyeee.
