

Cadillac

Stone Gossard

I don't know if I can tame her
Cadillac, I'll be truest one
She's the one why I've been waiting
Cadillac, you'll be my only one
Cadillac, she glides along
Like a Cadillac, my only one
All the men are tailgating
Cadillac, I'll be a truest love
I just hope their brakes aren't failing
Cadillac, I hope our love's the one
Cadillac, boy she's a Cadillac
Cadillac, boy she's a Cadillac
Down, down, down, down...
Down, down, down, down...
She tells me I'm her all-time favorite
Cadillac, I'll be the truest one
Don't drag my heart across the pavement
Cadillac, I'll be the only one
Cadillac, she glides along
Like a Cadillac, my only one
Down, down, down, down...
Down, down, down, down...
She's a Cadillac, boy she's a Cadillac
She's a Cadillac, boy she's a Cadillac
She's a Cadillac, boy she's a Cadillac
