

# Illusion

Stormwind

Only I alone can decide my fate  
I've got to hold on before it's too late  
Without shedding a Tear over your despair  
Without showing my fear could life be fair

I conquer haste! I lead my fate!  
I'm not afraid to find the Way!

[Chorus:]  
With Light as my guide I will Master my fears  
See through the Eyes of a New Life!  
I have opened the Gates!  
Now my Vision is clear! I will re-live  
The Illusion! Once again!

The tunnel of Light leads to another Life  
The circle is drawn with Eternity's knife!  
The Wheel of Time is in perpetual motion  
I dive (recklessly) into the Life giving Ocean!

I conquer haste! I lead my fate!  
I'm not afraid .. to find the Way!
