

Easy

Stradlin Izzy

Take it easy, take it easy
Take it easy, take it easy
Do you tonight, sun comes over once again
You and I, have the same time
Take it easy, take it easy
Take it easy, take it easy
Take it easy, take it easy
Take it easy, take it easy

It's really around, through the seasons of our life
All thing's allright, once we're in
Take it easy, take it easy
Take it easy, take it easy
Take it easy, take it easy
Take it easy, take it easy
