

# Waiting For My Ride

Stradlin Izzy

Time is passing real slow  
I'm just a waiting here  
I got a friend who's gonna  
Pick me up soon  
All I got to do  
Is keep on watching for him

And me I'm  
Waiting for my ride  
I'm waiting for my ride  
Waiting for my ride  
Come over here

There's a storm I see  
Off in the distance  
It's moving east to me  
I feel it's shifting  
I hope he show up soon  
It's gonna bury me cold  
Hm mm mm

I've got to duck inside  
And do the wee pee  
I'm gonna make it quick  
So they don't miss me  
I've got to rely on him  
To get me there on a dime  
Ah ha ha

And me I'm  
Waiting for my ride  
I'm waiting for my ride  
Waiting for my ride  
Come `round here  
Hm mm mm

Me I'm  
Waiting for my ride  
I'm waiting for my ride  
Waiting for my ride  
Come on here

The shadows role over me  
That of an aeroplane  
Flooding overhead  
And then he passed me  
I'm back outside on the curve  
Looking down on the road  
Hm mm mm

Yeah,  
I've got to get me a car  
Yeah that's for certain  
So I can drive it out west  
Up California  
And then I lay in the sun  
Instead of driving rain

Yeah hey hey

Till then I'm  
Waiting for my ride  
I'm waiting for my ride  
Waiting for my ride  
Outta here  
Hm mm mm

Cause I'm  
Waiting for my ride  
I'm waiting for my ride  
Waiting for my ride  
Outta here  
Dear

Said I'm  
Waiting for my ride  
I'm waiting for my ride, yeah  
Waiting for my ride  
Outta here  
Hm mm mm
