

Shattered

Stratovarius

I worked so hard to get my aim
Pulled out wrong card, is this my last game.
Too fast too soon, you know it takes time
Hasty deeds spoiled the chances of mine

I'm burning inside, outside seems alright
Try not to think about it much
It's hard to say, when I will play again

Shattered
My hands are shattered
Shattered
My life is shattered

I'm dressed to kill and ready to score
3rd pain pill and there's pain no more
I can't break out, out of these walls
Walls that sometimes the skull is called

I'm burning inside, outside seems alright
Try not to think about it much
It's hard to say, when I will play again

Shattered
My hands are shattered
Shattered
My life is shattered
